6:40PM

CITY OF SEASIDE STAFF REPORT

Item No.: 6.B.

TO: Environmental Committee

BY: Beth Rocha, Senior Planner

DATE: May 10, 2022

**SUBJECT: DISCUSS THE DEVELOPMENT OF AN URBAN FOREST
MANAGEMENT PLAN**

PURPOSE & RECOMMENDATION

Commissioner request to discuss staff responsibilities in the preparation of documents and policy references regarding trees and landscape management within the city that could guide research and suggestions for an urban forest management plan.

BACKGROUND

Chapter 12, Table 27 of the draft General Plan lists the following Parks, Conservation, and Open Space Program goal as high priority to be completed in a short timeframe by the Planning department:

Tree Preservation Ordinance. Adopt an ordinance specifically addressing the preservation of oak trees. At a minimum, this ordinance shall include restrictions for the removal of oaks of a certain size, permit requirements for removing oaks of the size defined, and specifications for relocation or replacement of oaks removed.

CITY OF SEASIDE STAFF REPORT

Item No.: 6.F.

TO: Environmental Committee

BY: Beth Rocha, Senior Planner

DATE: May 10, 2022

**SUBJECT: DISCUSS THE PROPOSED BROADWAY AVENUE CORRIDOR
COMPLETE STREETS PROJECT**

PURPOSE & RECOMMENDATION

Receive presentation

BACKGROUND

The proposed Broadway Avenue Corridor Completes Streets project will transform a 4-lane roadway to 2-lane roadway with curb extensions, and will add class II bike lanes, roundabouts, and Safe Routes to School improvements including off-set crosswalk, rectangular rapid flashing beacons and accessibility improvements. The project will reduce Broadway Avenue to a single lane in each direction between Fremont Boulevard to General Jim Moore Boulevard, and it continues the road diet from West Broadway (Del Monte Blvd to Fremont Blvd). These improvements will make the corridor more accessible and safer for travel by other users (ie. bicyclists and pedestrians) besides motorists. Travel by other methods other than motor vehicles reduces greenhouse gas emissions. In addition, the roundabouts will keep traffic moving, reducing idle times, and this also reduces greenhouse gas emissions.
