CITY OF SEASIDE STAFF REPORT

Item No.: 5.A.

TO: Traffic Advisory Committee

BY: Patrick Grogan, Associate Engineer

DATE: June 21, 2022

**SUBJECT: CONSIDER THE INSTALLATION OF RED CURB AT THE
INTERSECTION OF WARING STREET AND LA SALLE AVENUE**

PURPOSE & RECOMMENDATION

The purpose of this item is to have the Traffic Advisory Committee to consider red curb along the southwest and southeast corners of Waring Street at the intersection of La Salle Avenue.

BACKGROUND

Staff received the Traffic Advisory Committee Request Application (attachment 1), dated March 8, 2022, from a resident requesting the installation of red curb on the south side of La Salle Avenue at the 1800 block of Waring Street. The resident noted visibility concerns when vehicles park near the corners of La Salle Avenue and Waring Street, making it difficult to turn onto La Salle Avenue from Waring Street.

La Salle Avenue is classified as a collector street, with a posted speed limit of 30 miles per hour (mph) and one lane of traffic in each direction. La Salle Avenue is approximately 35 ft. wide, measured from face of curb to face of curb with parallel parking on both sides of the street. Sidewalks measuring approximately 4 feet wide are present on both sides of the street.

Waring St. is classified as a residential street with a speed limit of 25 mph. The 1800 block of Waring St. on the south side of La Salle Avenue is one-way north bound, approximately 25 feet wide with parallel parking on both sides of the street. Twenty single family homes are located along this block of Waring Street, which exits on to La Salle Avenue. The 1900 block of Waring St. on the north side of La Salle Avenue is a two-way street, approximately 35 feet wide with parallel parking on both sides of the street. Ten single family homes, a church, and a child care center are located along this

block of Waring Street.

Staff conducted three site visits at La Salle Avenue and Waring Street (attachment 2). During the site visits, it was noted that adequate sight distances are present at the southwest corner of La Salle Avenue at Waring Street. When there are cars parked at the end of the block of the southwest corner of La Salle Avenue at Waring Street, visibility is impaired. Staff also evaluated the north side of La Salle Avenue at Waring Street. It was noted that adequate sight distances are present. Due to the increased width of the 1900 block of Waring Street, there is increased visibility.

Collision data was collected in the area of the request over the last 5 years. During that time, there were no reported collisions at the intersection of Waring Street and La Salle Avenue.

Staff recommends installing 20' of red curb only on the southwest corner of La Salle Avenue at Waring Street to allow adequate sight distance.

Traffic Advisory Committee Request Application

The following information is required to process all Traffic Advisory Committee requests. This information will be used to contact the applicant should staff have questions or needs clarification on the request. This information will also appear in the staff report presented to the Traffic Advisory Committee and/or City Council.

The Traffic Advisory Committee meets the 3rd Tuesday of every month at 5:00 PM in the City of Seaside's City Hall Conference room. This meeting is open to the public and applicants are encouraged to attend.

Name: Leticia Perez Date: 3/8/2022

Address: [REDACTED] Phone: [REDACTED]

Type of Request (check all that apply):

- ☐ Parking Designations ☐ Crosswalk ☒ Curb Markings (White, Yellow, etc.)
☐ Warning Sign ☐ Traffic Signal/Stop Sign ☐ Signing/Striping
☐ Other _____

FEES WILL APPLY FOR PARKING AND CURB MARKING REQUESTS

Request: _____

Red curb marking on La Salle, near the end of the 1800 block of Waring Street.

The intersection of Waring Street and La Salle is very unsafe and dangerous. The cars parked along La Salle create a blindspot for vehicles turning onto La Salle from the 1800 block of Waring Street. Neighbors on that block have been close to getting into a collision or have had a collision with vehicles going east La Salle. Neighbors have seen multiple vehicle collisions on that turn into La Salle. Multiple vehicles have been totaled because of that blind spot.

Neighbors and I are requesting for the edge of the sidewalk to be painted red (as soon as possible), so vehicles parked on La Salle are not blocking the view of drivers turning from Waring Street.

The city should be held liable for any collisions if it continues to neglect this dangerous intersection.

Be advised that drivers on La Salle are regularly driving over the speed limit.

Request Procedures are outlined on the back of this form. For any questions regarding the Traffic Advisory Committee (TAC) please contact 899-6825.

TAC REQUEST PROCEDURE

The Traffic Advisory Committee (TAC) acts as an advisory board to the City Council per Chapter 2.37 of the Municipal Code. Recommendations made by the TAC are to be ratified by the City Council prior to implementation. The TAC consists of five members: a Council Member; Director of Public Works; Chief of Police; Director of Community Development; and the Fire Chief. The TAC reviews all requests for traffic safety regulatory or control devices, signs and markings, and conducts studies as well as offers recommendations to the City Council, Planning Commission or appropriate City department.

Upon submittal of a request, staff will place the request on the next available TAC agenda for a future scheduled meeting. All TAC's action will be forwarded for City Council consideration at their next available scheduled meeting.

Fees

Fees will be collected prior to installation of any approved requests that directly benefits the applicant, such as limited timed parking, white zones, etc. Prior to any required maintenance of the improvement, the same fee will apply and be billed to the applicant. The following fees have been determined based upon the cost of staff time and material for installation:

Description	Fee*
Marking curb – per curb (20' maximum length)	Per current adopted fee schedule
Installation of one sign	

* Fees subject to change per City Council approved fee schedule. Fee determined by date of application.

PLEASE COMPLETE FOR PARKING AND CURB MARKING REQUESTS

TAC REQUEST ACKNOWLEDGEMENT STATEMENT

I, Leticia Perez understand that should my request be approved by the Traffic Advisory Committee and City Council, I will be responsible for the fee prior to the installation of my request. I also understand that if approved by City Council the improvements will be reviewed annually or whenever deemed appropriate by the Public Works Department for any required maintenance and I will be charged the corresponding fee.
