CITY OF SEASIDE STAFF REPORT

Item No.: 4.A.

TO: Traffic Advisory Committee

BY: Patrick Grogan, Associate Engineer

DATE: January 21, 2025

SUBJECT: CONSIDER THE INSTALLATION OF RED CURB AT 1092 WANDA AVENUE

RECOMMENDATION

The purpose of this item is to have the Traffic Advisory Committee consider the installation of red curb at 1092 Wanda Avenue.

BACKGROUND

Staff received the Traffic Advisory Committee Request Application (attachment 1), dated December 6, 2024, from a resident requesting the installation of red curb adjacent to the driveway at 1092 Wanda Avenue. The resident noted difficulty exiting the driveway, and vehicles partially blocking his driveway. The applicant provided pictures of vehicles blocking a portion of the driveway (attachment 3)

Staff conducted a site visit at 1092 Wanda Avenue (attachment 2). During the site visit, it was noted that street parking is limited.

Wanda Avenue is classified as a residential street, with a posted speed limit of 25 miles per hour (mph) and one lane of traffic in each direction. Wanda Avenue is approximately 39 ft. wide, measured from face of curb to face of curb with parallel parking on both sides of the street. Sidewalks measuring approximately 4 feet wide are present on both sides of the street. Single-family residences are located along both sides of this block of Wanda Avenue. The applicant's driveway is approximately 17 feet wide at the back of the sidewalk. The distance to the next driveway approach to the east is approximately 13 feet, which is not sufficient space for one parking spot. The distance to the next driveway to the west is approximately 73 feet, enough for 3 full

parallel parking spaces. A standard parallel parking space is 20 feet long.

Staff consider multiple factors when evaluating red curb for driveways, including visibility from the driveway, maneuverability into and out of the driveway, width of the driveway, and the length of the adjacent curb for parking spaces. Placing red curb immediately to the east to this driveway approach would assist with the applicant's ability to maneuver in and out of the driveway, as well as deter vehicles parking into his driveway.

Staff recommends installing 13 feet of red curb on either side of the driveway at 1092 Wanda Avenue, as it will not reduce the number of parking spots available on the street.

Request Procedures are outlined on the back of this form. For any questions regarding the Traffic Advisory Committee (TAC) please contact 899-6825.

TAC REQUEST PROCEDURE

The Traffic Advisory Committee (TAC) acts as an advisory board to the City Council per Chapter 2.37 of the Municipal Code. Recommendations made by the TAC are to be ratified by the City Council prior to implementation. The TAC consists of five members: a Council Member; Director of Public Works; Chief of Police; Director of Community Development; and the Fire Chief. The TAC reviews all requests for traffic safety regulatory or control devices, signs and markings, and conducts studies as well as offers recommendations to the City Council, Planning Commission or appropriate City department.

Upon submittal of a request, staff will place the request on the next available TAC agenda for a future scheduled meeting. All TAC's action will be forwarded for City Council consideration at their next available scheduled meeting.

Fees

Fees will be collected prior to installation of any approved requests that directly benefits the applicant, such as limited timed parking, white zones, etc. Prior to any required maintenance of the improvement, the same fee will apply and be billed to the applicant. The following fees have been determined based upon the cost of staff time and material for installation:
