Mr. Ottmar updated the Traffic Advisory Committee on the Broadway Improvement projects, currently under construction.

8. ADJOURNMENT

The meeting was adjourned at 5:20 p.m.

Respectfully submitted:

_____
Scott Ottmar

DRAFT

CITY OF SEASIDE
STAFF REPORT

Item No.: 6.A.

TO: Traffic Advisory Committee

FROM: Leslie Llantero, Assistant Engineer

DATE: February 17, 2015

SUBJECT: **Review and provide input on the proposed language for an Ordinance to prohibit overnight parking of oversized vehicles and recreational vehicle.**

PURPOSE

The purpose of this item to have the Traffic Advisory Committee review and discuss the proposed language to prohibit overnight parking of oversized vehicles and recreational vehicles.

RECOMMENDATION

It is recommended to receive report and provide direction on the language for the proposed ordinance to prohibit overnight parking of oversized vehicles and recreational vehicles.

BACKGROUND

In 2008 the City of Seaside retained DKS Associates to perform a citywide parking study and implementation plan. This plan was developed based upon the need to obtain a comprehensive assessment of the existing parking conditions citywide and to develop alternative parking restrictions to include implementation procedures as well as a program for enforcement. On November 4, 2010 the City Council accepted the Citywide Parking Study and Implementation Plan (Study) and directed staff to return with a prioritized list of recommendations. The recommendations were based upon public comments from community meetings, field visits, survey results, and analysis of existing City policies. Near-term recommendations were broken up into four different categories: City Policy & Time-Limited Parking Zones, Signage/Striping, Parking Management, and Enforcement.

The Study recommended prohibiting on-street parking of recreational vehicles and unhitched trailers. In 2013, the City Council adopted Ordinance 1010, which prohibited on-street parking of unhitched trailer, campers, and boats.

The proposed language would prohibit overnight parking of oversized vehicles (27' long and 7' high) and recreational vehicles from 10PM-6AM except by permit and prohibit parking of oversized vehicles or recreational vehicles within 25 feet of any intersection of public streets or

alley.

DEFINITIONS
Oversized Vehicles are defined as any vehicle, including any attached trailers, vehicles or loads thereon that exceed 27 feet in length and 7 feet in height.

Recreational Vehicles are defined as any camper, trailer coach, or house car, in the California Vehicle Code, or "other motorized vehicle designed, maintained or used primarily for recreational purpose."

EXCEPTIONS
Exceptions include the following:

Any *oversized vehicle* on a public street while actively engaged in loading or unloading goods, wares, or merchandise from or to any building or structure.

Any *oversized vehicle* on a public street when such *oversized vehicle* is parked or left standing in connection with, and in aid of, the performance of a service to or on a property in the block in which such *oversized vehicle* is parked or left standing.

Any vehicle on a public street belonging to federal, state, or local authorities, or a public utility.

Commercial loading zones.

Any school bus on a public street involved in the transportation of students, or to any bus on a public street used for the transportation of youths or disabled persons during the course of activity for which they were transported.

Any *recreational vehicle* displaying a valid permit issued by the city.

TEMPORARY PERMIT PROCESS

(a) The City Manager, or their designee, has the authority to adopt procedural rules and regulations governing the permit process, and to issue a parking permit for the parking of a recreational vehicle on a public street to any resident of the City or a bona fide guest of such resident, if:

1) a written application is made to the City Manager, or their designee, including the address of the resident; and

2) the appropriate fees as described in the fee schedule are paid; and

(b) The permit shall state the address of the resident and the permit shall only be valid within the same block as the resident's address, on either side of the street.

(c) The duration of the permit shall not exceed twenty-four hours.

(d) Permits may be issued, but not exceed, three consecutive twenty-four hour periods.

(e) No more than 72 permits shall be issued relating to any one address in any one calendar year.

(f) Proof of residency and proof of recreational vehicle ownership or recreational vehicle use and control shall be demonstrated in a manner determined by the City Manager or their designee.

(g) The fee for obtaining a permit shall be established by resolution of Council based upon the recommendation of the City Manager. A copy of the fee schedule shall be filed in the rate book of City fees and charges on file in the office of the City Clerk.

(h) The recreational vehicle shall not be used for overnight camping, lodging or for accommodation purposes while parked on the public street.
