**CITY OF SEASIDE
STAFF REPORT**

Item No.: 5.A.

TO: Zoning Administration
FROM: Craig Malin, City Manager
BY: Rick Medina, Senior Planner
DATE: December 27, 2016

SUBJECT:

MINOR USE PERMIT APPLICATION NO. MUP-16-02: MINOR USE PERMIT APPROVAL TO ESTABLISH A DAY SPA/THERAPEUTIC MASSAGE BUSINESS WITHIN AN EXISTING COMMERCIAL BUILDING LOCATED AT 775 BROADWAY AVENUE (APN# 011-558-009) IN THE MIXED USE (MX) ZONING DISTRICT WITHIN THE WEST BROADWAY URBAN VILLAGE SPECIFIC PLAN.

PURPOSE

In accordance with Section B.1.2.3 of the development standards for the West Broadway Urban Village Specific Plan, the applicant, Shuqin He, is requesting approval of a Minor Use Permit to establish a day spa/therapeutic massage business within an existing commercial building located at 775 Broadway Avenue in the West Broadway Urban Village Specific Plan Mixed Use Commercial (MX) Zoning District.

RECOMMENDATION

City staff recommends that the Zoning Administrator approve Minor Use Permit Application No. MUP-16-02, subject to the conditions of approval in the Draft Resolution provided as Attachment 1 and the project plans, Exhibit "A" to Attachment 1 and proposed day spa services provided as Exhibit B to Attachment 1.

BACKGROUND

SITE DESCRIPTION

The project site is located on the north side of Broadway Avenue between Calaveras Street and Alhambra Street and is developed with a 1,045 square-foot one-story commercial building. The rear of the site backs up to a public alley with public parking being available on the north side of the alley. The adjoining parcels are developed with one-story retail commercial buildings to the east, west, and south, (see Location Map as Attachment 2 and Site Photographs as Attachment

3). Aerial photo is provided as Attachment 4.

BACKGROUND

The existing tenant space is vacant. The project location was previously occupied with a fishing supply business which closed in 2015. The proposed day spa/therapeutic massage business would be the first business to occupy 775 Broadway Avenue since the fishing supply business ceased doing business.

PROJECT DESCRIPTION

The day spa/therapeutic massage business would be located within a 1,040 square foot tenant space with a main entrance that fronts onto Broadway Avenue (south side) and a rear exit/entry that fronts onto a public alley (north side). The general hours of the business would be from 9 AM to 10 PM, seven days a week. The applicant expects to have two to three employees. The primary services would consist of one hair cutting stations, foot massage sofas, and therapeutic massage tables. As the businesses grow, the applicant has provided a complete list of Day Spa Services (See Exhibit B to Attachment 1) that could be provided within the designated service areas on the floor plan. City staff finds that the foot massage area and therapeutic massage areas could be converted into the use of the alternate services listed at any time.

In general, the floor plan would be set-up to include a reception desk at the front entrance with the back areas being set-up to accommodate foot massage sofas behind curtains, private rooms for therapeutic massage, a room for guests to shower, a bathroom, and a storage room. The applicant has submitted two floor plans to allow for flexibility with the placement of the foot massage and therapeutic massage activities. Floor Plan #1 shows a layout with four for massage sofas and two therapeutic massage rooms. Floor Plan #2 shows a layout with three therapeutic massage rooms and two foot massage sofas. As stated above, the use of all areas would be interchangeable with the list of services in Exhibit "B" to Attachment 1.

ENVIRONMENTAL REVIEW

In accordance with Section 15301(a) (Existing Facilities) of the California Environmental Quality Act (CEQA), interior or exterior alterations to existing structures are categorically exempt from CEQA review provided that the project involves negligible or no expansion of the existing use and the area in which the project is located is not environmentally sensitive.

Evidence: The proposed project involves issuing a Certificate of Occupancy to accommodate a day spa/therapeutic massage business within an existing 1,040 square-foot commercial tenant space. Proposed improvements will consist of modifying the interior of the building to accommodate the therapy rooms, office, bathroom, and storage area. The project site is located within a heavily urbanized commercial area of the community where all public services and facilities are available and is located on an existing developed property that is not environmentally sensitive. The proposed project would be exempt from the CEQA Guidelines per Class 1, Section 15301(a).

STAFF ANALYSIS

In accordance with Section B.1.3 of the West Broadway Urban Village Specific Plan Mixed Use Zoning District, the establishment of a day spa/therapeutic massage business would be allowed with Minor Use Permit approval. In accordance with Section 17.52.070.F of the Seaside Municipal Code, all of the following findings must be made in order to approve the subject Minor Use Permit.

1. The proposed use is allowed within the applicable zone and complies with all other applicable provisions of this Zoning Ordinance and the Municipal Code;

Evidence: Under the off-street parking standards for the West Broadway Urban Village

Specific Plan, the existing commercial building is required to provide a minimum of three (3) parking spaces (one space per 500 sq. ft.). The project site will provide two parking spaces at the rear of the site and one on-street parking space on Broadway Avenue directly in front of the building. In accordance with Section B.8.1 of the WBUVSP, on-street parking along the street frontages of projects may be counted toward the parking requirement.

The project will comply with the required off-street parking requirements and the provision of a van disable parking space being striped within the existing off-street parking area at the rear of the site. A security bell will be located at the rear entry in order for the rear entry door to be accessible during business hours

Evidence: In accordance with Section B.1.2 of the WBUVSP, Minor Use Permits on primary streets must cite the potential for the use to contribute to pedestrian activity and to provide visual access for pedestrians into the ground floor use. The proposed project will serve to occupy a vacant, underutilized commercial building with a business that would enhance pedestrian activity and refurbish the storefront to enhance the overall appearance of the commercial environment and improve the economic viability of the WBUVSP area. The storefront windows would remain open to public view from the street right-of-way and sidewalk.

2. The proposed use is consistent with the General Plan and any applicable specific plan; The project site is designated as the WBUVSP area in the General Plan Land Use Element. The project would be consistent with the following General Plan and WBUV Goals and Policies:

General Plan

➤ Goal LU-2 – Revitalize existing commercial areas.

➤ Policy LU-2.1 – Encourage consolidation of under-performing and under-utilized commercial properties.

Evidence: The project would occupy an existing vacant commercial lease area on a primary street.

➤ Goal ED-5 – Attract new regional and visitor serving businesses.

➤ Policy ED-5.1 – Attract and support commercial and employment generating development that is consistent with the General Plan and City Ordinances.

Evidence: The proposed project will create additional employment opportunities and its hours of operation would provide opportunities for existing businesses to capitalize on the attraction of both local residents and visitors frequenting the WBUVSP area as a result of the new business who may not have otherwise frequented the WBUVSP area.

West Broadway Urban Village

➤ Goal: Create a balance of community and visitor serving mix of uses in the West Broadway Urban Village.

Evidence: The proposed day spa/therapeutic massage business will provide a service oriented business in an area of the city that is predominantly occupied with retail serving businesses. The service aspect of the business will serve to attract both local residents and regional visitors to a location that fronts on a primary street within the urban core of the City and diversify the mix of businesses envisioned for the MX zoning district of the WBUVSP.

➤ Support and encourage the development of vacant and underutilized lots with uses that are efficient and compatible with the character of the West Broadway Urban Village.

Evidence: The project would occupy an existing vacant commercial lease area on a

primary street.

3. The design, location, size, and operating characteristics of the proposed activity are compatible with the existing and planned future land uses in the vicinity.

Evidence: The project proposed is consistent with location, size and use of the existing and planned future uses of the mixed use commercial area.

Evidence: The proposed day spa/therapeutic massage business will be compatible with the existing businesses surrounding the project site in that it will not detract from the character of mix of land uses envisioned for the WBUVSP and would encourage a pedestrian oriented atmosphere by occupying a storefront building on a primary street. The Minor Use Permit process will enable the City to place conditions on the land use which would regulate how the therapeutic aspects of the business would take place to remove any misconception of illegal adult business activities often associated with a massage practitioner business and ensure that visual access into the storefront window would be maintained to blend with the retail character of the WBUVSP area.

4. The site is physically suitable for the type, density and intensity of use being proposed, including access, utilities, and the absence of physical constraints; and

Evidence: The project site is developed with a commercial building containing adequate off-street parking for the combined use of the multi-tenant commercial building, as well as the project lease area.

5. Granting the permit would not be detrimental to the public interest, health, safety, convenience, or welfare or materially injurious to persons, property or improvements in the vicinity and zone district in which the property is located.

Evidence: The City of Seaside's Fire Department, Building Department and Public Works Department have reviewed the conceptual project proposal and have no comments or concerns relating to any impacts that would be detrimental to the public health and safety.

FISCAL IMPACT

There is no fiscal impact.
