The Council/Successor Agency received a presentation.

PUBLIC COMMENT SPEAKERS: No name given (maps "Seaside East Planning Ideas"), Bill Weigl, Michael Solareno

9. ADJOURNMENT

On motion by Agency Member Campbell and second by Agency Member Wizard, the meeting was adjourned at 6:54 PM.

Respectfully submitted,

Lesley Milton-Rerig, City Clerk

Ian N. Oglesby, Mayor

**CITY OF SEASIDE
STAFF REPORT**

Item No.: 6.B.

TO: Successor Agency to the Redevelopment Agency of the City of Seaside

FROM: Craig Malin, City Manager

BY: Jessica Riley, Accounting Assistant
Kimberly Drabner, Finance Director

DATE: November 7, 2019

SUBJECT: APPROVE AND FILE SUCCESSOR AGENCY CHECKS

PURPOSE & RECOMMENDATION

Approve and file the accounts payable and wired payments made during the period of October 5, 2019 through October 25, 2019 including the payroll and benefits checks, direct deposits and wired payments related to the pay period of October 11, 2019 and October 25, 2019. Total Accounts Payable and Payroll for the above referenced period is \$210.02.

BACKGROUND

In accordance with Government Code Section 37208, at each City Council meeting the Council is provided a listing of the payroll and general checks issued since the last report so that it can inspect and confirm these checks. Each purchase has been reviewed and approved by the department making the purchase at the time of procurement. The invoice has been reviewed by the Finance Department prior to payment to ensure that it conforms to the approved budget.

Therefore, in accordance with Government Code Section 37208, the above referenced, and linked list of checks conforms to the approved budget and has been paid. These checks are submitted to the City Council for inspection and confirmation.

A description of the checks and wires exceeding \$10,000 are as follows:

- There were no checks that exceeded \$10,000.

The Checks report is available on the City's website here:

<http://www.ci.seaside.ca.us/194/Check-Draft-Register>

FISCAL IMPACT

There are no additional fiscal impacts.

CITY OF SEASIDE STAFF REPORT

Item No.: 6.C.

TO: Parking Authority

FROM: Craig Malin, City Manager

BY: Rick Medina, Senior Planner

DATE: November 7, 2019

SUBJECT: AUTHORIZATION FOR THE RETAIL SALE OF CHRISTMAS TREES BY HOME DEPOT ON A PORTION OF THE LAGUNA GRANDE SHOPPING CENTER PARKING LOT OWNED BY THE PARKING AUTHORITY. THE PROJECT IS EXEMPT CLASS 4, SECTION 15304(E) FROM THE CALIFORNIA ENVIRONMENTAL QUALITY ACT.

PURPOSE & RECOMMENDATION

Authorize the Executive Director of the Parking Authority to execute a License Agreement with Home Depot to allow for the sales of Christmas trees on a Parking Authority owned property during November and December 2019.

BACKGROUND

Home Depot requests approval for a seasonal sales lot for the retail sale of Christmas trees from November 29, 2019 through December 24, 2019 on a portion of the parking lot adjacent to the Home Depot Garden Center; a portion of which is owned by the Parking Authority as shown on Attachment 2. Site Plan of the Christmas sales area is provided as Attachment 3. Set-up and breakdown of the event would occur between November 22 and November 28, 2019 and December 26 and December 30, 2019, respectively. The sales lot will be closed and reestablished as a parking lot upon sale of all trees but in no event later than January 2, 2020. Any remaining unsold trees will be recycled and all ancillary equipment and trash will be disposed of by the operators of the

sales lot.

Annually, since 2002, the Parking Authority has authorized Home Depot to sell Christmas trees at this location. The City has not received any complaints regarding this activity at the proposed location in past years. In total, sixteen (16) parking spaces adjacent to the GardenCenter would be used for the sales and storage of Christmas trees.

Additionally, three standard parking spaces would be used for interim accessible parking stalls to replace three existing accessible parking stalls located within the Christmas Tree sales area. Site photograph of the Christmas Tree sales area is provided as Exhibit 4.

The sale hours are consistent with Home Depot's hours of operation: 6 AM to 10 PM daily. Prior to receiving a Certificate of Occupancy to begin selling Christmas trees, Home Depot would be responsible for providing the required Certificate of Insurance naming the City of Seaside as additional insured for \$2,000,000.00 per occurrence and \$4,000,000.00 as an aggregate minimum.

FISCAL IMPACT

LICENSE AGREEMENT

THIS AGREEMENT is entered into this 7th day of November, 2019, by and between the **PARKING AUTHORITY OF THE CITY OF SEASIDE**, a municipal corporation, hereinafter referred to as "Parking Authority," and CITY OF SEASIDE, hereinafter referred to as "City," and **HOME DEPOT**, hereinafter referred to as "Tenant."

1. PREMISES

The Parking Authority and City authorizes the Tenant to use the land known as Assessor's Parcel Number 011-561-013, shown on the attached site plan and located within the Laguna Grande Shopping Center adjacent to the Home Depot property at 1590 Canyon Del Rey Boulevard.

2. TERM OF AGREEMENT

The parties hereto agree that the Tenant shall have exclusive use of the premises herein described from November 18, 2019 to January 2, 2020 with retail sales activity limited to the period from November 25, 2019 to December 24, 2019.

3. INSURANCE

The Tenant shall procure and maintain, at its own cost and expense, an insurance policy acceptable to the Parking Authority and City, naming Parking Authority and the City as insured thereunder, in the minimum amount of two million dollars (\$2,000,000.00) per occurrence and four million dollars (\$4,000,000.00) as an aggregate, insuring the Tenant and Parking Authority and the City against any and all liabilities arising from the use of the premises as set forth in this Agreement. The Tenant shall provide the Parking Authority and City with a certificate of insurance reflecting the terms of this Paragraph. The Tenant shall maintain said insurance in full force and effect throughout the entire term of this Agreement.

4. INDEMNITY

In consideration of the License Agreement issued by the Parking Authority and the City to allow the tenant to use a portion of the Laguna Grand Shopping Center Parking Lot owned by the Parking Authority for the sales of Christmas Trees, the tenant hereby agrees to defend, indemnify, and hold harmless the Parking Authority, the City, its agents, officers, and employees from and against all claims, damages, losses, judgments, liabilities, expenses, and other costs including litigation costs and attorney's fees from every cause, including but not limited to injury to person(s) or property or wrongful death arising directly or

indirectly out of any act or omission of the tenant or its agents, officers, and employees or volunteers resulting or alleged to have resulted, directly or indirectly, wholly or partially, from the tenant's aforementioned use of the property. In addition, the tenant agrees to waive subrogation rights for any Workers' Compensation related injuries. The Parking Authority and the City make no warranty as to the suitability of the property for the aforementioned use of the property. Therefore, the tenant has a duty to inspect the site for potential hazards; correct any hazards discovered and warn participants of any potential for hazards.

5. CONDITIONS OF RENTAL

Rental of said premise is subject to the following terms and conditions:

- (a) Approval of a Limited Term Permit by the Zoning Administrator is required prior to the set-up, delivery and/or sale of Christmas trees.
- (b) Christmas tree delivery and sales shall be set-up and occur in a manner consistent with the site plan received by the City of Seaside Resource Management Department – Planning Division on November 7, 2019.
- (c) All temporary signs, banners, fencing and other materials used in connection with the Christmas tree sales are required to comply with City regulations. All temporary signs shall first receive approval by the Seaside Planning Division for the installation of a temporary sign.
- (d) Any and all tents used in conjunction with this use shall be fire-rated to the satisfaction of the City's Fire Department.
- (e) The existing fire exit on the east side of the Home Depot building shall be labeled as "Fire Exit, Do Not Block" and shall provide unimpeded access from the fire exit to beyond the designated sales area.
- (f) All main travel lanes as shown on the approved site plan must be clear to allow through traffic through the parking lot.
- (g) The subject property shall be cleared of all litter and Christmas tree refuse materials at least once a day throughout the approved event. The subject property shall be completely cleared of litter and ancillary equipment at the end of the event.
- (h) The applicant shall be responsible for preventing any debris associated with pine needles and sawdust from tree trimming and the loading and unloading of Christmas trees into vehicles from entering the City's storm drain system.

- (i) In the event the site is not cleared of litter and debris as required, the City Public Works staff will notify the applicant of noncompliance; if the applicant fails to remove the litter and debris in accordance with the deadlines specified in the notice of noncompliance, the City will complete the required maintenance and the Tenant will be responsible for all costs that would include City staff time and materials required for abatement.
- (j) The tenant shall provide temporary fencing to protect the existing planter islands from damage. The fencing is required to be installed prior to delivery or sales activities; temporary fencing is required to be removed upon cessation of tree sales, or no later than January 2, 2020, whichever occurs first.
- (k) The tenant shall schedule inspection with the City of Seaside Resource Management Services Department showing the placement of the proposed temporary fencing prior to installing the fence.
- (l) The temporary fencing shall not damage any City facilities or paving. The tenant shall obtain a City Encroachment Permit from the Public Works Department - Engineering Division prior to installation of any fencing that encroaches into the public right-of-way.
- (m) The tenant shall install reflectors on 5-foot centers, 3 feet above the pavement, on the temporary fencing facing vehicles on the westerly and southerly sides of the tree lot for traffic visibility
- (n) Prior to beginning Christmas tree sales, the tenant must receive approval of a final inspection with both the City Chief Building Official and Fire Marshall; and, relocate the three (3) accessible parking stalls to location designated sales on the project site plan, with appropriate temporary accessible parking signage put in place
- (o) Prior to installation of any temporary lights, the tenant shall obtain approval of any and all required building permits, including electrical permits, prior to installation.
- (p) This permit may be revoked by the Parking Authority or the City at any time for violation of any of the terms or conditions of this permit by the tenant, its agents, or representatives.

- (q) For purposes of compliance, the tenant, its agents or representatives agree not to deny or impede access to the subject property by Parking Authority or City employees in the performance of their duties.
- (r) No sale of Christmas trees shall occur until the tenant has provided proof of the insurance policy and the indemnification agreement as required in this License Agreement.

6. UTILITIES

The Tenant shall be solely responsible for all utilities furnished to said premises.

7. RESPONSIBILITY FOR PREMISES

The tenant shall quit and surrender the premises following termination of use under this Agreement in as good a state and condition as they were at the commencement of such use, reasonable wear and tear thereof and damages by the elements accepted. The tenant also agrees that if said premises are damaged during the terms of this Agreement, by the act, default, or negligence of the tenant, its officers, agents, employees, guests, patrons, or any person or persons permitted onto said premises by the tenant, the tenant shall pay to the Parking Authority upon demand such sum as shall be necessary to restore said premises to the condition they were in at the commencement of use pursuant to this Agreement.

8. COMPLIANCE WITH LAWS

The tenant shall comply with all laws, statutes, ordinances, rules or regulations of the United States, the State of California, the City of Seaside and the Parking Authority of the City of Seaside and any department or agency thereof, including such regulations now in force or to be established pertaining to the use of the premises.

9. SUBLETTING, ASSIGNMENT

The tenant shall not sublease the whole or any part of the premises, not assign, hypothecate, or mortgage any or all of its rights hereunder.

10. TERMINATION

The Parking Authority and the tenant specifically agree that any default by the tenant shall be an immediate breach and the Parking Authority shall have an immediate right to terminate this Agreement upon twenty-four (24) hours written notice to the tenant.

11. NOTICE

All notice herein provided to be given, or which may be given by either party to the other, shall be deemed to have been fully given and fully received when made in writing and deposited in the United States mail, certified postage prepaid, and addressed to the respective parties as follows, or personally served on:

Parking Authority of
The City of Seaside
Attn: Executive Director
440 Harcourt Avenue
Seaside, CA 93955

Home Depot
Attn: Store Manager
1590 Canyon Del Rey Boulevard
Seaside, CA 93955

12. LEGAL ACTION

Should either party to this Agreement bring legal action against the other, the case shall be handled in Monterey County, California, and the party prevailing in such action shall be entitled to a reasonable attorney's fees which shall be fixed by the judge hearing the case and such fee shall be included in the judgment, together with all costs.

13. ENTIRE AGREEMENT

This Agreement constitutes the entire Agreement between the tenant and the Parking Authority and the City. No term, provision or condition of this Agreement may be altered or amended, nor may any term, provision or condition be added to this Agreement, except by a written amendment be executed by both the tenant and Parking Authority.

IN WITNESS WHEREOF, the parties have entered into this Agreement as of the 7th day of November, 2019.

CITY OF SEASIDE STAFF REPORT

Item No.: 7.A.

TO: City Council

FROM: Craig Malin, City Manager

BY: Sharon Mikesell, Administrative Analyst

DATE: November 7, 2019

**SUBJECT: UPDATE ON COMMUNITY NEEDS DETERMINED BY THE
COMMUNITY DEVELOPMENT ADVISORY COMMITTEE (CDAC)
TO BE CONSIDERED WHEN PREPARING THE HUD
CONSOLIDATED PLAN FOR 2020-2025 AND ASSOCIATED CDBG
APPLICATION CYCLE FOR 2020-2022**

PURPOSE & RECOMMENDATION

The purpose of this item is for the City Council/Successor Agency to consider the community needs determined by the CDAC through their workshop and survey efforts prior to the start of the 2020-2022 Seaside CDBG Grant Application cycle and provide further direction to staff, if desired.

BACKGROUND

The planning process has commenced for the preparation of the 2020-2025 Consolidated plan, the 2020-2022 multi-year funding cycle and the 2020-2021 Annual Action Plan for submission to the US Department of Housing and Urban Development (HUD).

On May 7, 2015, the City Council adopted the 2015-2020 CDBG Consolidated Plan as well as adopting a two year funding cycle for Seaside's application process. The Consolidated Plan identifies longterm community needs and outlines general programs and service activities to be funded with CDBG/HUD dollars and other local sources over

a five-year period. Each year, the City must also adopt an Annual Action Plan describing the services and programs in more detail to be implemented in the upcoming fiscal year to address community needs.

On September 18, 2019, the CDAC held a public workshop at the Seaside Creates satellite office on Broadway to identify the community's current priority needs for the use of CDBG funds. Activities included a brainstorming session SWOT analysis-- Strengths, Weaknesses, Opportunities and Trends (not Threats as the group thinks positive in ways to address situations), followed by hands-on comments and placement of dots on posters illustrating the current plan and areas in the community designated by HUD as the most important places to focus efforts. A community survey was also unveiled and available online promoted on the City website and social media.

On October 16, 2019 the CDAC considered the results of the outreach and recommended the following updated priority community needs as a first step toward preparation of the Consolidated Plan:

- Access to community services (youth and senior services are priority services)
- Provide quality infrastructure
- Improve accessibility for persons with disabilities
- Promote beautification (CDAC prefers not to use the term "blight")
- Assist microbusinesses
- Construct /upgrade public facilities

The CDAC encourages applicants for Seaside CDBG funding consider these priorities.

APPLICATION PROCESS

With the two year cycle, the competitive process occurs every other year. The CDAC will provide City Council with annual recommendations as part of the Annual Action Plan preparation. This year, the Annual Action Plan will be a component of the Five Year Consolidated Plan of goals for the next five years.

On November 7, 2019, the City published a Notice of Funding Availability (NOFA) and Mandatory Application Workshop for the 2018-2020 multi year cycle for the CDBG program. The Application for Proposals will be released and the Mandatory Application Workshop will be held on November 20, 2019. The workshop will be at the Seaside Creates office at 656 Broadway at 6:30PM. The workshop is mandatory for all agencies wishing to apply for 2020-2022 CDBG funding from the City of Seaside.

All Seaside CDBG project and services applications will be processed through City Data Services (CDS) data management software. This will eliminate the giant binders and boxes of applications that the CDAC has traditionally known when it's time to review applications.

The City has been utilizing CDS services for CDBG data management to interface with the HUD software since 2018. CDS software services are also used for CDBG data management by the City of Salinas and Monterey County. A representative from CDS is scheduled to attend the mandatory workshop to provide guidance and answer questions.

Applications from agencies who do not attend will not be considered. Applications will be due 5pm January 10, 2020. No late applications will be accepted. **All funding is contingent on the continuation of the CDBG program by the federal government and an award of CDBG funding to the City of Seaside.**

NEXT STEPS

Important dates for the Seaside CDBG program. Dates are subject to change with notice.

- November 20, 2019-Mandatory Application Workshop/Application for Proposals period begins
- January 10, 2020-CDBG funding proposals due
- February 19 , 2020-CDAC makes recommendations to present to City Council
- March 19, 2020-City Council reviews CDAC recommendations for CDBG funding 2020-2022
- May 7, 2020-City Council holds public hearing to adopt Consolidated and Annual Action Plan
- May 15, 2020-Consolidated and Annual Action Plan due to HUD for review

FISCAL IMPACT

There is no fiscal impact to the General Fund as a result of this item.

ALL	healthcare needs								

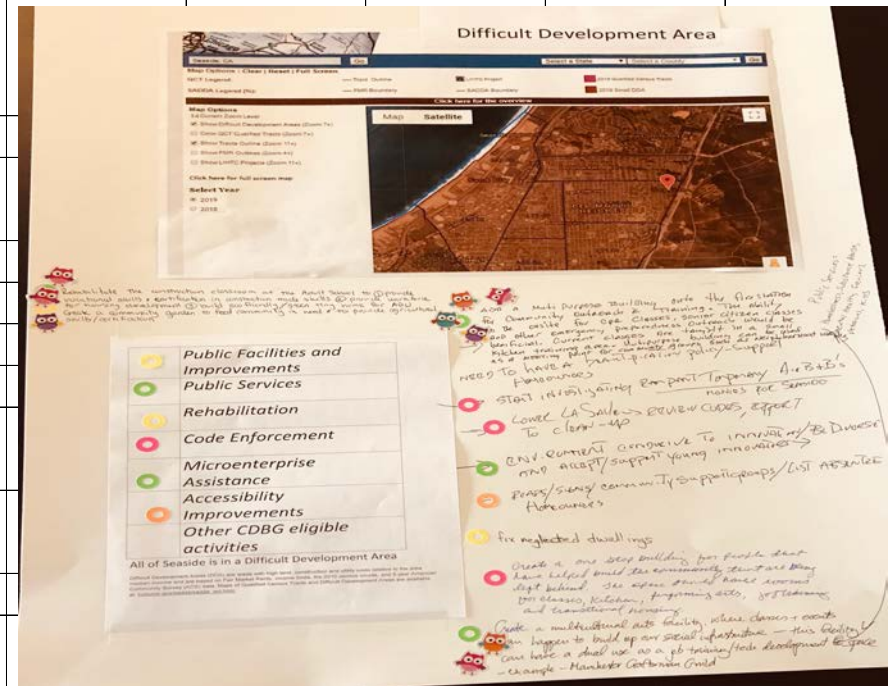

ALL OF SEASIDE IS CONSIDERED BY HUD TO BE A DIFFICULT DEVELOPMENT AREA

Difficult Development Area (all of Seaside)	Dots	Most important (owl)					
Add a multipurpose building onto the firestation for community outreach and training. The ability to be onsite for CPR classes , senior citizen classes and other emergency preparedness classes would be beneficial. Current classes are taught in a small kitchen training area. Multipurpose building can be used as a meeting point for community groups such as neighborhood watch.	1	4					
Rehabilitate the construction classroom at the adult school to 1-provide vocational skills and certification in construction trade skills 2-provide workforce for housing development 3-build eco-friendly/green tiny home for ADU	2	2					
Create a multicultural arts facility, where classes and events can happen to build up our social infrastructure. This facility can have a dual use as a job training-tech development space. Public services=homelessness, substance abuse, mental health, seniors, veterans, kids. Example-Manchester Craftsman Guild	1	2					
Create a community garden to feed community in need to provide agricultural skills and certification		1					
Accessibility Improvements	1						
Code Enforcement	1						

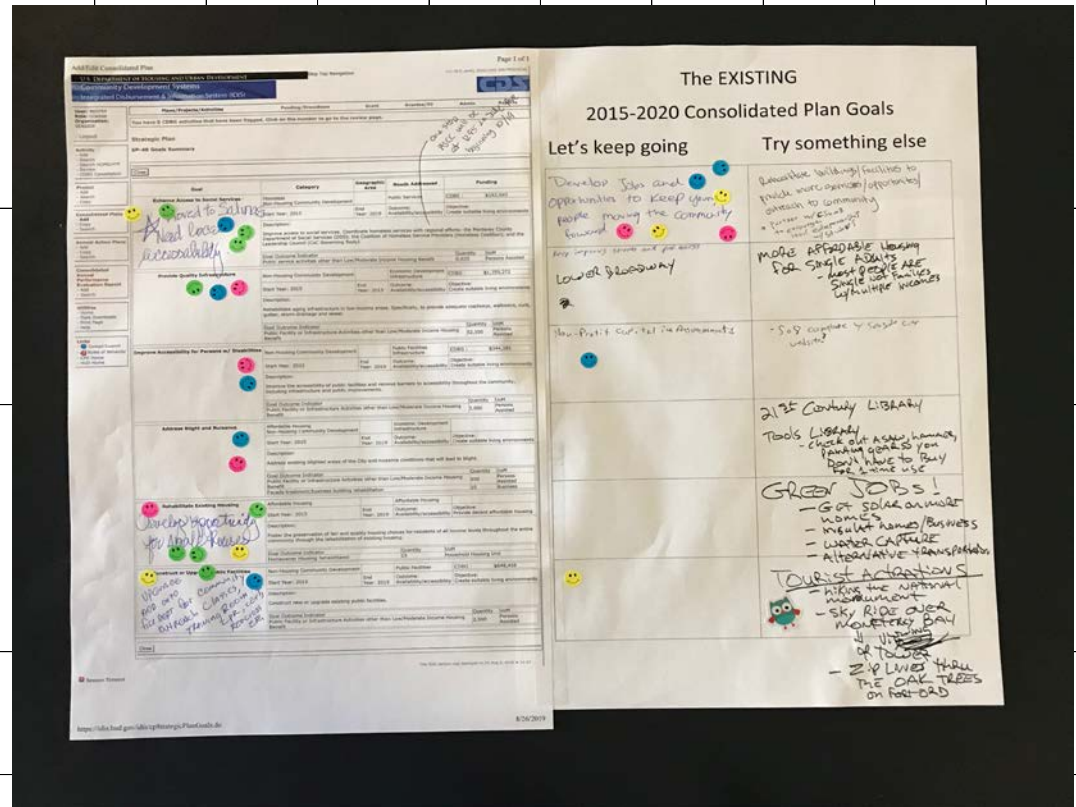

ALL OF SEASIDE IS CONSIDERED BY HUD TO BE A DIFFICULT DEVELOPMENT AREA

Difficult Development Area (all of Seaside)	Dots	Most important (owl)					
Create a one stop building for people that have helped build the community that they left behind. The space should have rooms for classes, kitchen, performing arts, job training and transitional housing.	1						
Environment conducive to innovation/be diverse and accept and support young innovators	1						
Fix neglected dwellings	1						
Lower LaSalle-review codes, report to clean up	1						
Microenterprise Assistance	1						
Public Facilities and Improvements	1						
Public Services	1						
Rehabilitation	1						
Roads, signs, community support groups, list absentee homeowners	1						
Start investigating rampant temporary Air BnBs/monies for Seaside	1						
Build community multi purpose room							
Capital project: prep and paint Seaside Fire Department Building							
Need to have a beautification policy-support homeowners							
Other CDBG eligible activities							

EXISTING CONSOLIDATED PLAN GOALS

Current goals	Keep going	Try something else	Smiley Dots (doing good)																	
Enhance Access to Social Services	Develop jobs and opportunities to keep young people moving forward	Rehabilitate Buildings and facilities to provide more services, opportunities and outreach to the community moved to Salinas. *Need local accessibility* One Stop ASCC will be at 1295 LaSalle Ave	11																	
Provide Quality Infrastructure	Keep improving streets and roads	More affordable housing for single adults-most people are single not families with multiple incomes	3																	
Improve accessibility for persons with disabilities	Non-profit capital improvements	508 complete with city website	3																	
Address blight and nuisance		21st century library.	2																	
		Tools library check out saws, hammer, painting gear so ou don't have to buy for one time use

Community Needs Workshop 9/18/2019

**CITY OF SEASIDE
STAFF REPORT**

Item No.: 8.B.

TO: City Council

FROM: Craig Malin, City Manager

BY: Lesley Milton, Assistant City Manager

DATE: November 7, 2019

SUBJECT: STUDY SESSION ON SIDEWALK REPAIR POLICY

PURPOSE & RECOMMENDATION

Receive presentation, discuss and provide direction on draft policy options.

BACKGROUND

Well maintained street trees, sidewalks, and curb ramps (ADA accessibility ramps) provide safe and desirable travel ways for pedestrians and others to enjoy neighborhoods, commercial centers, and other areas of the city. Maintaining street trees and sidewalks require the efforts of residents, property owners, and the City.

The purpose of this item is to discuss and establish priorities and direction regarding the maintenance and repair of our sidewalks, curbs and gutters. Due to several factors including budget constraints and staff availability, sidewalk maintenance has not been a priority. This has several impacts on our city, such as creating financial liability for the city for trip and fall hazards, diminishes ADA accessibility, discourages capital investment in our community but most importantly, decreases the quality of life of our residents.

Since 1935 state law has required property owners to maintain sidewalks fronting their property in a condition that will not endanger people or property and maintain it so that it does not interfere with public use of the sidewalk. If an unsafe condition was created by someone other than the property owner, that person or entity has the responsibility to fix it.

This item is to discuss opportunities to establish an effective sidewalk repair program

and possible funding mechanisms to support it.

Sidewalk Conditions Assessment

The first step in establishing an effective program is to know what repairs are currently needed. In 2016 Cal JPIA, our insurance carrier, conducted a sidewalk conditions assessment of all potential liability issues in public rights of way as part of our ADA transition plan. Now the City needs to inspect each of these identified areas to categorize them on a priority basis, then determine whose responsibility it is to complete the repair.

Responsibility of Repair

In many instances, it is a homeowner's responsibility to fix the outside of their property even though it's the City's liability problem if someone trips and falls on one of those same broken sidewalks. The California Street and Highway Code §5610 states that property owners are responsible for the maintenance of the sidewalks adjacent to their property and outlines that if the damage is caused by parkway trees, heat expansion, utility work or grade subsistence, then the city is responsible. If the damage is caused by age, it is the homeowner's responsibility.

Here is an example of a potential a check list to determine who is liable:

1. Has been damaged by parkway trees (regardless of who planted or maintains the trees)?
2. Has been damaged by grade subsidence (sinking of sidewalk panels)?
3. Has been damaged by City utility cuts?
4. Fronts City-owned property?
5. Exists at street intersections?
6. Has defects due to heat expansion?

If the damage is determined to be the responsibility of the city, it should be placed on a list of needed repairs. If it is determined to be the responsibility of the homeowner, then the City is responsible to send the homeowner a letter requesting that it be repaired and follow up to ensure it is completed.

Facilitation of the Repair

Homeowner Responsibility: Currently when homeowners receive a notice that their sidewalk requires repair, the burden is fully the responsibility of the homeowner. To the extent the sidewalks are located within the City's public right of way, the homeowner is required to obtain an encroachment permit (including payment of all requisite fees), submit plans for the sidewalk repair and show proof of insurance naming the City as an additional insured. In some circumstances a traffic control plan might be required.

Homeowners are then required to hire a contractor at their own expense to remove and replace the displaced / damaged / uplifted sidewalk and/or curb and gutter section. Completion by a licensed contractor limits the liability the city incurs.

This process can be very costly for the homeowner, and has not encouraged homeowner initiated repair of sidewalks. Historically, we have not enforced known sidewalk repairs for home owners because of the significant financial burden as well as staff capacity issues.

Going forward, the City could establish a program that provides options or even incentives to encourage these repairs, or at very least to assist a typical homeowner through the process.

City Contracted Work: The City could also choose to complete the sidewalk repairs unilaterally. This option is something that is done by many cities for ease of facilitation as well as for quality control for the City to repair the sidewalk, and charge the homeowner. Alternately, the City could issue an RFP for on-call contracting services for sidewalk repairs to determine the exact costs for each of the services that are necessary for curb and gutter repair. Once that is established, any identified project can be more accurately bid and executed for repair according to a pre-negotiated cost set. The City could pay for the repairs and bill the homeowner directly.

Funding Options

Many cities have challenges getting compliance with sidewalk repairs and in communities with economically disadvantaged residents these challenges require supportive public policy. Better compliance can be achieved if there are financial assistance options for these repairs. The Council could consider the adoption of funding mechanisms to assist property owners with the repair costs. Options for funding repairs include:

1. **City Funded** - The City can fund all sidewalk, curb and gutter repairs. This option is not recommended due to the shared responsibility of the homeowner and the City, as well as the total cost that this would incur into the City's budget.
2. **Lien Process, as a funding recovery option** - The City can opt to repair all sidewalks within the city and if it is determined to be the responsibility of the property owners, the City can repair the property and place a lien against the property. This occurs by directing the county to add the cost of unpaid sidewalk repairs to the owner's property tax bill as a special assessment. The down side of the lien approach is the additional administrative work of conducting hearings if the lien is protested and obtaining Council approval to take lien action. If it is

determined that the lien would create a severe financial hardship then the city will work with the property owner to enter into an agreement to pay the costs of the project.

3. **Point Of Sale Policy** - Alternate to the above, the City could adopt a policy that after the letters of notification of repair is sent, and if there is no compliance within a specific period of time, a lien would be placed on the home that requires sidewalk be repaired upon the sale of the property, and the repair costs are built into the sale of it. This is not recommended as the property may not sell for many years.
4. **Cost Sharing** - Both the resident and the City benefit from the repair of public access pathways. The City Could chose to establish a program where they city or the property could repair the property and there is a cost sharing of the total expense, up to a certain amount, for the repairs that are the responsibility of the resident. The Council could determine the cost split, ex: 50/50.
5. **Cost matching loan** - A variation on cost sharing is a cost matching program with the match secured by a lien which would be repaid upon refinance or sale of the property. While, properties may not sell for many years, they are likely to refinance at some point and the "Sidewalk repair fund" could be replenished. The initial funding for these loans would be the budget set aside. The City could decide whether these would be no percentage loans or modest loans.
6. **Financial Hardship Assistance** - A Financial Hardship Assistance program could be created where property owners may request financial hardship assistance if their household annual income is three times the federal poverty level or less.

Both of the financial hardship assistance or the cost sharing programs could be approved and limited to availability of funding allocated for that fiscal year.

Barriers to Fixing Sidewalks

The City has a large backlog of unaddressed sidewalks needing repair and replacement. We have identified specific existing barriers that have prevented adequate sidewalk repair and we believe if addressed, would result in safer sidewalk conditions.

Barriers Include:

- No clear goal or tracking of progress

Though the sidewalk condition assessment was completed in 2016, the City has not developed a plan and timeline to address the backlog.

Staff could prepare a plan to address the sidewalk backlog that incorporates updated needs, costs, a reasonable timeline, staffing needs, possible funding sources, and an ongoing maintenance plan, including when the City should plan for another condition assessment. Once a plan is in place and it is known how much sidewalk should be repaired or replaced in a fiscal year, the City will be better able to track its progress towards reducing the sidewalk backlog. The City could identify a goal in the Capital Infrastructure Plan of for repairing and replacing all damaged sidewalks which fall under the City's maintenance responsibility by the end of FY 2026 – ten years after the condition assessment then track progress every year toward that goal.

- No funding specifically allocated to sidewalk repair

Fiscal Year 19/20 was the first year in recent history that has a specific allocation of funds for sidewalk maintenance and repair. The current allotment is \$50,000. If the Council could allocate a minimum level of funding every year, a program can be built around that figure.

FISCAL IMPACT

Damaged and deteriorated sidewalks are a fiscal challenge for cities not only because they create liability for trip/fall lawsuits, but because they also are a deterring factor for capital and business investments into a community.

Costs associated with curb and gutter repair are all dependent up on the conditions of each repair site. One way to control the costs would be for a competitively bid sidewalk repair contract which itemizes all elements from a sidewalk repair such as concrete removal, disposal flag replacement, required reinforcement techniques, as well as grinding or tree removal. If the Council would establish a policy or priority that a specific dollar value is allocated for sidewalk programs annually, then a program could be built around that figure.

RECOMMENDATION

The city will being to limit its liability with the establishment of a sidewalk repair plan that creates a mechanism for repair, even if it takes several years to implement.

The best next step would be implementing a program of work that identifies the most impactful way to spend the \$50,000 of budgeted funds for sidewalk repairs for FY

19/20. It is suggested that the City Council authorize expenditure of those funds as follows:

- Allocate \$20,000 to repair sidewalks that are city responsibility, prioritized based on severity and location.
- Allocate \$30,000 to repair priority locations in neighborhoods near schools and parks. Each Council Member is asked to identify 1-3 locations that should be prioritized.

Going forward it is further recommended that the Council provide direction to develop a sidewalk repair program that adopts a cost sharing policy with a 50/50 responsibility split of the cost of the repair with the homeowner, as well as the lien option, upon point of sale. Simultaneous to this staff will review the established list of identified repair needs and assign prioritization categories for repair and formalize a process for which new sidewalk repair requests will be received, categorized and prioritized. The Council will then have the opportunity during the FY 20-21 budget discussions to determine the total dollar value of funding that will be allocated for sidewalk repairs annually.
