4. PUBLIC COMMENTS:

- * Jimmy Welch stated that he appreciated the tree cut down by Nation.
- * Bill Farrel stated he hopes that the effort is extended to the upper parks as well.
- * Havana Soliz Park has fox tails that are so long that you cannot walk your dog.

- * Parks that have just empty fields should be fixed up to play kickball or soccer or something else.

5. BUSINESS ITEMS:

a. Manzanita Stuart Park Study Session:

- * Staff stated that this study session is to get more input on what the residents would like for this park. Staff presented the two conceptual.
- * There was open session after the presentation for the residents to give their input. Please see attached Concept A & B with the public guest input on them.
- * Public Comment:
 - ** Would like landscaping where you would have a view. The hill blocks the view now.
 - ** Would like outdoor exercise bench and equipment.
 - ** Maybe add a small 9-hole disc golf.
 - ** Get rid of the sculpture and replace it with a pergola and table where parents can sit while their children play.
 - ** Residents planting and up keeping on their own.
 - ** There is a concern about the cost of grading. Why cut into a hillside and add stairs if it costs more. Do what's cost effective.
 - ** Add a picnic area that oversees the view.
 - ** Add lighting (solar powered with cameras) due to drug activity.
 - ** There is a concern that if lighting is added, then it may encourage longer activity hours and drug activity. The resident would like the police to do more patrolling and not just shine a light and drive by.
 - ** Add lighted stop signs for the children. There have been some close calls.
 - ** Do not do patch work because it will cost more.
 - ** Doesn't like the idea of stairs
 - ** Keep what you can and change what you can to get more for your buck.

- ** Add swings and interactive equipment for parents to get active too.
- ** Keep rock walls as seating walls.
- ** Keep the play area the same, however, add monkey bars.
- ** Climbing structure, table/game area is an excellent idea.
- ** Space for a community garden.
- ** Golf putting green to many courses in the area.
- ** Cut the top of the on the uphill side of the bridge down so that the street can be Seen from the park area.
